Identifying best strategy for fostering academic integrity: Qualitative comparative analysis

Sanja Pekovic*, Rajka Djokovic, Dijana Vuckovic and Jovana Janinovic, University of Montenegro, Montenegro

How to find the right tool at the right time? Collecting and characterizing existing and freely available research integrity educational resources

Daniel Pizzolato* and Kris Dierickx. KU Leuven, Department of Public Health and Primary Care, Centre for Biomedical Ethics and Law, Leuven, Belgium

Activating institutional change towards Responsible Research & Innovation and Open Science

Helene Brinken, TIB Leibniz Information Centre for Science and Technology, University Library, former: Goettingen State and University Library, Germany helene.brinken@tib.eu

Maxie Gottschling, Goettingen State and University Library, Germany gottschling@sub.uni-goettingen.de

Rafael Maria Raschkowski, Goettingen State and University Library, Germany rafael-maria.raschkowski@sub.uni-goettingen.de

Dr. Birgit Schmidt*, Goettingen State and University Library, Germany bschmidt@sub.uni-goettingen.de

Greek institutional Research Ethics and Deontology Committees: Experiences from the first three years of operation

Eleni Spyrakou*, Panagiotis Kavouras, Vana Stavridi, Costas A. Charitidis, RNanolab, National Technical University of Athens, School of Chemical Engineering, Athens, Greece

Implementation matters! Research administrators in ethics and research integrity

Borana Taraj and Nik Claesen, EARMA

Ethical reasoning and protocols for improving the scientific integrity

Christian Toinard, Full Professor in Computer Sciences, INSA Val de Loire – LIFO, Officer of deontology, scientific ethics and integrity of INSA Val de Loire, France

Training for research integrity and research ethics: a scoping review

Ružica Tokalić*, Ivan Buljan and Ana Marušić / the EnTIRE Consortium, Department of Research in Biomedicine and Health, University of Split School of Medicine, Split, Croatia

An evaluation of scientific virtues for ethics and research integrity training

Vicko Tomić^{1, 2*}, Ružica Tokalić², Ivan Buljan², Marin Viđak², Rea Roje², Ana Marušić²

¹ ST-OPEN, University of Split, Split, Croatia, ² Department of Research in Biomedicine and Health, University of Split School of Medicine, Split, Croatia

TETRIAS: translating researchers' experiences into training on research integrity at universities of applied sciences – interviews to set the training agenda

Rob van der Sande*, Nijmegen, The Netherlands and Fenneke Blom, Amsterdam UMC and Vrije Universiteit Amsterdam, The Netherlands

Best practices for fostering research integrity – results from the INSPIRE project

Dorien van der Schot, the INSPIRE Project and the Netherlands Research Integrity Network, VU University Amsterdam, the Netherlands

Ethical climate in universities

Marin Viđak (1), Lana Barać (1), Ivan Buljan (1), Ružica Tokalić (1), Darko Hren (2), Ana Marušić (1)

1. Department of Research in Biomedicine and Health, University of Split School of Medicine, Split, Croatia, 2. Faculty of Humanities and Social Sciences, University of Split, Split, Croatia

Who made the biggest cheating? Students' opinions about plagiarism made by different persons

Dijana Vucković* and Sanja Pekovic, University of Montenegro, Montenegro

Preventing predatory publishing: the CNR's Italian guidelines for researchers

Roberta Martina Zagarella*, Marco Annoni and Cinzia Caporale. CNR Interdepartmental Center for Research Ethics and Integrity (Italy), Italy

The virtual posters consist of a poster pdf and a short presentation video. They can be viewed in the poster rooms of the congress platform. [Poster abstracts](#)
